HAMFEST is coming this Sunday

Our annual Hamfest is this weekend. Please come on SUNDAY Sept. 7 (it is NOT Saturday as usual because we got bumped). Gates open at 7 AM. We have KJI Electronics coming with new equipment, and we expect a ton of tailgaters. The major door prize will be drawn at noon, with minor prizes drawn throughout the morning. Come on down, and join the crowd for eyeball QSO's with all you old buddies, and new ones you won't know until Sunday.

The test session will begin at 9 AM up at the Cooperative Extension building at 50 West High Street. Upgrade your license. 9 AM is about a half hour earlier than in the past, so that you will have more time to get to the hamfest with your new ticket!

June 2014 Club Meeting—New Officers

At our June meeting, we held our annual elections. Congratulations to the new slate of officers:

President—Tim Kemp, N2MBX; Vice President—Peter Miller, W2BEW, Secretary—Mitch Mitchell, WA2MCS, Treasurer - Jim Polewczak KG2H, At Large Board Members, Dennis Kagel WA2JWO, Dave Bargovic NR2J, Hal Post AK2E, and Steve Rosenberg WA2TTP.

Thanks to all these people for the service to our club.

September Club meeting

As if the whirlwind of events on Sunday were not enough, The second Monday of the month is the next day, Monday September 8. The second Monday of the month is you know what — the regular monthly meeting. Board meeting at 6:30 and the general membership meeting at 7:30. We will be discussing the hamfest, upcoming meetings, maybe field day results, and who knows what else. Come and join us.

Field Day, 2014

Back in June (you do remember that far back don't you) we had our field day. Surprising, the weather cooperated this year and a great time was had by all. The following are the results. I'm sorry to report that we had one casualty. It looks like our portable tower has seen its last field day unless we can find repair parts. The brake mechanism has failed, and it is no longer safe to use.

Here is the official 2014 Entry for K2DLL:

Here is a look at the QSO's in 2013 vs 2014:

Band	2013			2014			
	cw	ph	Total	cw	ph	digital	Total
80	1	67	68	1	56		57
40	203	93	296	126	140	2	268
20	75	439	514	219	331		550
15	19	63	82	10	4		14
10	10	0	10	5			5
6	1	9	10				
2	0	54	54	20	42		62
GOTA							
Grand Total	309	725	1,034	381	573	2	956

We had a few less QSO's in 2014, a few more CW and a few less phone. Next year we have to push 80 meters a lot harder during the evening!

[Help wanted, and items for sale](#)

Glenn, NA2Z, is looking to remove and sell his tower and beams. Like many of us, Glenn is just a little leery of climbing his tower in the back yard, and so, its time to go. He is looking to move, and it's tough to sell the house with a 50 foot tower standing in the back yard.

It's a Rohn 25G tower with an HF tribander and an 8 element 2 meter beam on top. The antennae are turned by a Ham III rotator.

He is looking to sell the whole setup, but if you only want to help get it down to the ground, he would be pleased as punch to at least get that done. If you are interested, please contact Glenn at 518-747-3194
